Mohamed Lahrouchi, CV and publications

Current position:	Research fellow at the CNRS, France Institute for Humanities and Social Sciences, Department of Linguistics
Affiliation:	UMR 7023 – CNRS and University Paris 8 2, rue de la Liberté 93526 Saint Denis cedex 02 FRANCE
Telephone:	33-1-49407337
Fax:	33-1-49407334
Email:	mlahrouchi@univ-paris8.fr
Homepage:	http://www.sfl.cnrs.fr/-Lahrouchi-Mohamed-.html http://mlahrouchi.free.fr/

Research interests

Phonology, morphology, phonology/morphology interface, language acquisition, templatic morphology, Government Phonology, autosegmental phonology, Afroasiatic (Berber, Semitic, Chadic), complex consonant clusters, syllable structure, root structure.

Education and Diplomas

2001 Ph.D. in Formal and Theoretical Linguistics, University Paris 7.
Advisor: prof. Jean Lowenstamm

1995 D.E.A., Prep. Degree for Ph.D., University Lyon 2.

1994 Masters (MA equivalent), University Ibnou Zohr, Agadir, Morocco.

Teaching and research experience

2010 Graduate-level teaching, Department of Linguistics, University Paris 8
Teaching *non-derivational phonologies*.

2003 Postdoctoral position at the CNRS.

2003 Undergraduate-level teaching, Department of Linguistics, University of Paris 7.
Teaching *general linguistics*.

2002 Undergraduate-level teaching, Department of Linguistics, University of Tours
Teaching *morphosyntax*.

2001-05 Graduate and undergraduate-level teaching, Department of Linguistics, University Paris 8, teaching *phonology*.

Editorial Board

Member, Editorial Board: *Recherches Linguistiques de Vincennes*, published by *Presses Universitaires de Vincennes*.
Member, Scientific Committee, *Réseau Français de Phonologie*.
Co-editor, *Recherches Linguistiques de Vincennes*, number 39, Fall 2010.
Reviewer for international linguistics journals (*Language, Linguistic Inquiry, Lingua, Studies in African Linguistics, Recherches Linguistiques de Vincennes)*.

Journal publications, book chapters and conference proceedings

Lahrouchi, Mohamed & Philippe Ségéral (2011). Cooccurrence restrictions in the vocalic patterns of Afroasiatic plurals. *Folia Orientalia* 47: 89-102.

Lahrouchi, Mohamed & Philippe Ségéral (2011). Têtes et gabarits. *Etudes et Documents Berbères* 29-30: 255-274.
